

XAS 185 KD iT4

Purpose built for the most demanding job sites and conditions, Atlas Copco XAS 185 HardHat™ will stand the test of time.

Atlas Copco

ALL THE OPTIONS YOU NEED YOUR SPECIFIC APPLICATIONS

The HardHat™ features a revolutionary polyethylene canopy design - the toughest in the industry. It will not rust, dent, corrode or fade, and it resists extreme temperatures. The canopy protects the compressor from damage at the work site, which helps reduce the cost of ownership and boost resale value. Because it will "take a beating" in a variety of applications, it's ideal for the rental industry.
